EPA Resp Doc element A Dec 21.docx

Excellent letter Les. Very clear.

Could i get your reaction to this excerpt from the document we've been drafting to follow-up on our ANPR? I think you and Bruce have had a chance to talk about our Workshop concept, and am hoping we have your buy-in?

Feel free to share this with others up there. The longer document (about 15 pages) that this is excerpted from is coming to you in early January.

Happy holidays! - ks
